

What can happen with children when they are alone on the street, without adults.  
for preschool and primary school age

An illustration of two children standing on a street. On the left is a boy with blonde hair, wearing a blue and yellow jacket, grey pants, and a white headband with a red emblem. He has a backpack and is waving his right hand. On the right is a girl with brown hair in pigtails, wearing a pink and purple jacket, pink pants, and a red skirt. She also has a backpack. The background features a brown brick building with several windows, a green bush, a large smiling sun, and a rainbow. The sky is blue with some clouds. The overall style is colorful and cartoonish.

**ALONE  
IN THE STREET ...**

## Dress for the weather!

*In the window rain and slush  
If you don't want to catch cold  
Don't forget to dress the warmer  
And indeed to take umbrella.*

## Attention - puddle!

*It's so good to run through puddles,  
Just you should know this:  
Hatch, that opened underwater  
It is possible to miss.*

**Danger!**  
*You can fall into  
a well*

4

It is difficult in autumn in the mist  
Some pedestrians to discern.  
That's why you, guys, need  
Jackets with the flickers to put on.

Multi-colored stripes  
Shine brightly in the beams.  
And the driver don't knock down  
Neither the boys nor the girls.

If you wait for the tram or the bus  
At bus stop – do not miss your chance!  
So that your limbs were safe and load,  
Stay away from the road!

Each pedestrian should know:  
If it is «zebra» on the way -  
It is marked a special  
Pedestrian subway.

If the light by red came on,  
It is dangerous to go for us.  
And if the green light is on -  
It is opened the pedestrian path!

First of all look to the left -  
If there are no cars - may go.  
And when you get to the center  
Don't forget look to the right.

Be careful on the intersections -  
It's easy to get there under wheels.  
That's why be always cautious,  
And you will have not any grieves.

Learn and follow the  
rules of the road!

# Construction is a bad place for games

It is a fence along the street,  
Behind it building roars.  
Are you going there to play?  
Stop, wait a minute!

**Danger!**

Crane is working  
And the scoop is digged by near.  
There is no point for climbing  
In the dangerous place there.

РОДИТЕЛИ!  
НЕ ДОПУСКАЙТЕ ДЕТЕЯ НА  
СТРОЙКУ!

# Choose the safest route!

You go from home to school  
Where is your path goes through?  
Please, keep away you from  
Parks, vacant lots and landfills!

The matter is not only in a fight -  
The maniacs can sit there.  
But on the crowded streets  
Maniacs do not hang out never.

# Remember

what you should not  
do on the street:

- Talk to strangers!
- Tell strangers your address!
- Tell where your parents are working and the when they come home!
- Take from the other people gifts and sweets!
- Agree to go somewhere, even if they promise to show something very interesting!
- Sit down in someone else's car!
- Go into the entrance with strangers!
- Take some unknown things in the hands!

A stranger in a car  
Invites you to ride with him.  
You should never, guys  
Agree to do this thing.

Evil people can assume  
That they actually are good -  
And to give for you ice creams,  
Or to call to act in films.

With strangers hold  
Your ears on top,  
And never take out of their hands  
Any candies and toys.

**Always be in the foreground!**

Together with a friend it is funnier  
To keep somewhere your way  
Safer and more boldly,  
In morning, evening and by day.

Just before you go on street  
Playing with your friends  
Tell where you want to go,  
Your dad, grandma and mom.

**Always tell parents where you are!**

Be on you some jacket or a coat -  
Luggage keys in inside pocket  
And of course, to learn by heart  
Your phone number and address.

# Your friend is a bicycle

11

Skateboard, bicycle and rollers ...  
Learners love it ever so!  
But before you will reach fourteen  
On the road you should not go!

Drive in the  
yards or gardens  
with fencing  
In the safety and  
with enjoyment!

You cannot  
go on the  
roadway!

# Saw a dog – go it sideways

The dog can be biting  
Not only on its life –  
When someone waves by stick,  
Catches puppies without asking  
Or threatens to the owner  
And prevent to sleep or eat.

By the way,  
domesticated dog  
Also can be  
dangerous.

# Fire in the yard can bring to the trouble!

73

From a small match  
It can flare to bonfire -  
Even devastating fire -  
Can happen in this case.

It is dangerous to throw  
slate, firecrackers, and  
empty cans into the fire!

# Always trust your parents!

Remember, that your best friends are a mother and a father. Always tell them that makes you happy and sad. Whatever had happened, they always help you. Their attention and love are your best protection.

**Mother and father are always for you -  
The best friends in the world.**
